

REMARKS

Applicant recognizes with appreciation that Claims 1 – 12, 15 – 17, 19, 33 – 40, 42 – 47, 50 and 51 have been allowed.

In this Amendment, Applicant has amended Claims 13, 14, 18, 20, 22, 24, 27, 30, and 41 to specify different embodiments of the present invention and overcome the rejection. It is respectfully submitted that no new matter has been introduced by the amended claims. All claims are now present for examination and favorable reconsideration is respectfully requested in view of the preceding amendments and the following comments.

REJECTIONS UNDER 35 U.S.C. § 112 SECOND PARAGRAPH:

Claims 13, 14, 18, 20 – 32, 41, 48, and 49 have been rejected under 35 U.S.C. § 112, second paragraph, as allegedly being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

It is respectfully submitted that the currently presented amendments clearly point out and define the embodiment of the present invention. More specifically, Claims 13, 14, 18, 20, 22, 24, 27, 30, and 41 have been amended to correct the rejected terms and particularly point out and distinctly claim the various embodiments of the present invention. It is respectfully submitted that the amended claims are clear to a person of ordinary skill in the relevant art.

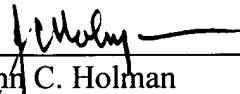

Therefore, the rejection under 35 U.S.C. § 112, second paragraph, has been overcome. Accordingly, withdrawal of the rejections under 35 U.S.C. § 112, second paragraph, is respectfully requested.

Having overcome all outstanding grounds of rejection, the application is now in condition for allowance, and prompt action toward that end is respectfully solicited.

Respectfully submitted,

JACOBSON HOLMAN PLLC
